Because Weezer deserves to be celebrated live!

Based in Los Angeles, Our Name is Jonas is an exciting Southern California Weezer tribute band. Formed in 2024, we bring decades of experience from playing in bands, touring and working in the studio. Our setlist spans Weezer's legendary eras, including the Blue Album, Pinkerton, Green Album, Maladroit, and some extra alt-rock hits! We're all about capturing the heart and soul of Weezer's music, delivering the hits and deep cuts with the same energy and passion fans know and love. From packed clubs to outdoor festivals, we're rocking stages across the greater Southern California area. If you're a die-hard fan or just love great music, come join us and sing along, because Weezer's magic deserves to be celebrated live!

THE GUYS IN THE GARAGE

ANDREW DIAZ

A versatile drummer, Andrew brings a dynamic range of experience from his funk band Cherry Tang to the psychedelic metal sounds of Kykeon. A dedicated drum teacher, he loves rocking out to Weezer tunes, rounding out his skills while having a blast behind the kit!

GABE DUTHOY SALAZAR

Gabe has been rocking Weezer tunes since his middle school days, fueled by a lifelong love for the band including experiencing his first ever concert being by Weezer themselves. A versatile musician, teacher, and programmer, he brings a mix of talent and passion to every performance!

DAVE ANGEL

Dave got the Blue Album in 7th grade, right as he was picking up the guitar, setting him on a lifelong musical journey. After landing a major record deal and years as a working musician, he dove into the world of tech. Now he's come full circle—bringing his love for Weezer back to the stage!

KEVIN LAND

Kevin loved Weezer from the second he heard The Sweater Song on the radio in his parents' car. Playing guitar since those childhood days, and singing almost as long, Kevin can't help but enjoy ripping Weezer guitar solos and having a good time!
